SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

TECH SKILLS

- PHP
- HTML
- CSS
- SQL, MySQL
- JAVASCRIPT
- Web Development

LANGUAGES

- English
- Hindi
- Gujarati

PROFILE

Motivated and detail-oriented BCA student with a strong foundation in web development and backend technologies. Passionate about building real-world applications with clean UI and smooth user experiences. Skilled in HTML, CSS, JavaScript, PHP, MySQL, and Bootstrap. Recently developed a fully functional Restaurant Management System as a solo project, showcasing both frontend and backend capabilities. Quick learner, team player, and always eager to enhance technical knowledge and problem-solving skills to contribute effectively in the software development field.

EDUCATION

Bachelor of Computer Science 2022 - 2025

University | M.K. Bhavnagar University

College | Shree Swaminarayan College
Of Computer Science

PROJECTS

FEB 2022 - APR 2025

Restaurant Management System

Developed a fully responsive Restaurant Management System to streamline operations for a family-friendly vegetarian restaurant. The system includes features such as online and on-table food ordering, dynamic menu display with category-wise filtering, cart management with quantity selection, and payment options (Cash/UPI). Implemented user authentication, a table booking system with admin controls (accept/reject/cancel/delete), and a detailed admin panel for managing orders, menu items, registered users, and feedback.

Technologies Used:

HTML, CSS, PHP, MYSQL, Bootstrap,
JavaScript
